

## Visitor/Staff Risk Assessment

www.farmbiosecurity.com.au

Date: ..... Visitors Name: .....  
 Service or Occupation: ..... Contact Number: .....  
 Reason for Visit: .....

### [A] Exposure Assessment (Please record relevant exposure (risk) for each activity. Note that the highest risk is the final result)

Activity	Low Risk	Moderate Risk	High Risk
Other farm visits per day	<input type="checkbox"/> One farm, little to no animal contact	<input type="checkbox"/> Occasionally visits more than one farm/day with minimal animal contact	<input type="checkbox"/> Visits many farms or livestock facilities. Much animal contact
Ownership of similar animals	<input type="checkbox"/> Does not own similar species at home	<input type="checkbox"/> Similar species at home, but different production type	<input type="checkbox"/> Owns and/or cares for similar species and production type at home
Contact with potentially sick or infectious animals	<input type="checkbox"/> Minimal or no contact with potentially ill or infectious animals	<input type="checkbox"/> Contact with healthy animals but avoids contact with potentially infectious animals	<input type="checkbox"/> May own or be exposed to many animals of unknown or poor health status
Foreign Travel	<input type="checkbox"/> Does not travel outside Australia or New Zealand	<input type="checkbox"/> Limited travel outside Australia or New Zealand with minimal or no animal contact	<input type="checkbox"/> <b>Foreign Visitor</b> or travels to foreign countries with animal contact in those countries
Exposure Summary	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### [B] Mitigating Practices (Identify the relevant risk mitigation practices utilised to offset the exposure risk)

Activity	High Benefit	Moderate Benefit	No Benefit
Use of protective clothing	<input type="checkbox"/> Wears sanitised shoes or boots. One pair of protective clothes per site	<input type="checkbox"/> Wears sanitised boots and clean clothes. If clothes are clean then will not be changed	<input type="checkbox"/> Does not change into clean boots or clothes when moving from one farm to another
Use of equipment	<input type="checkbox"/> Supplies and equipment kept away from animals or feed areas or are thoroughly washed & disinfected prior to leaving	<input type="checkbox"/> Supplies and equipment used in areas of minimal animal or feed contact	<input type="checkbox"/> Supplies and equipment may have been left or used in animal or feed areas
Work in animal contact areas	<input type="checkbox"/> Does not work in areas with highly susceptible animals	<input type="checkbox"/> Minimal exposure to high risk animals and only with protective clothing	<input type="checkbox"/> Works with highly susceptible animals. Few precautions taken
Biosecurity knowledge	<input type="checkbox"/> Understands and promotes biosecurity practices	<input type="checkbox"/> Exposed to biosecurity principles but is not an advocate	<input type="checkbox"/> Little appreciation for biosecurity principles and does not view it as important to industry

Visitors signature: ..... Date: .....

### [C] Final Risk Assessment (Determine final risk assessment considering individuals exposure and associated benefit from utilising mitigating practices)

Final Risk Assessment:	<input type="checkbox"/> Low	<input type="checkbox"/> Moderate	<input type="checkbox"/> High
Comment:			

(Please note that any visitor presenting a moderate or high risk must be managed as per the feedlots documented biosecurity procedures)
